

Payment & Shipping Options for Small Business

Save on shipping with PayPal and Canada Post. This integrated shipping tool allows you to pay for your shipment, print your shipping label and request parcel pickup. It also includes automatic package tracking for both you and your customers, all in one seamless experience.

- 1 Log into your PayPal business account and go to your Account Activity page.
- 2 On your PayPal Account Activity page, select "Print shipping label" beside a sales transaction..
- 3 Fill out the shipping information in just a few clicks. Your recipient's address will already be pre-populated. Then check your shipping discount and you're ready to ship.

For more information on other options, please click on the shipping providers logos for more information.

Payment Options

The payment methods your business chooses to accept will depend on your unique situation. Please click on any of the payment processing logos below to learn more about each option.
